

Fig. 2.

GB Patent No. 121,561 Diagram Map – Redrawn Nov. 23, 2005 by Bruce A. Perreault

- 23. Storage battery bank 1 – 2
- 25. Storage battery bank 3 – 4
- 26. Direct current output
- 27. Electrical connection to direct current motor
- 28. Electrical connection to direct current motor
- 29. Motor current control
- 32. Negative output to negative battery terminals and to negative input loads.
- 33. Mercury-vapor rectifier
- 34. Mercury-vapor rectifier
- 35. Mercury-vapor rectifier
- 36. Mercury-vapor rectifier
- 42. Alternator coupled through direct current motor shaft
- 43. Inductive resistance tuning coil
- 44. Electrical contact to primary coil of step-up transformer
- 45. Electrical contact to primary coil of step-up transformer
- 46. Electrical contact to secondary coil of step-up transformer
- 47. Electrical contact to secondary coil of step-up transformer
- 48. Switching relay
- 49. Connection to capacitor plate
- 50. Connection to capacitor plate
- 51. Carbon electrode
- 52. Carbon electrode
- 53. Spark blow-out coil
- 54. Spark blow-out coil
- 55. Variable resistor
- 78. Adjustable sliding contact
