

## SELECT TESTING & DIAGNOSTIC EQUIPMENT

P/N	DESCRIPTION	INSTALLATION APPROX. HRS.	RETAIL PRICE
<b>HALMETER AF30 LED AIR / FUEL RATIO METER:</b>			
Shows lean, normal and rich air fuel mixtures for all cars and trucks. Utilizes 10 red, 10 yellow and 10 green LED's for readout.			
2800-4031	> HALMETER AF30 Instrument Only .....		\$139.95
2800-4035	> HALMETER AF30 TUNER'S SPECIAL: Designed for the "TUNER" that must move the Halmeter from vehicle to vehicle. Includes AF30 Meter, Cigarette Lighter Power Adaptor and Wiring Harness as well as assorted O <sub>2</sub> Adaptors for use on existing O <sub>2</sub> Sensors .....		\$199.00
2800-4032	> HALMETER AF30 Meter and Harness for Permanent Installation .....		\$187.50
2800-4033	> HALMETER AF30 Meter, Harness and 3-Wire Oxygen Sensor with Exhaust Fittings for Permanent Installation .....		\$239.95
2800-4034	> HALMETER AF30/2 Meter, Harness and Dual Switched Oxygen Sensors with Exhaust Fittings (for dual exhaust applications, etc.) .....		\$369.95
<b>NOTE:</b> Suggested labor for permanent installation into vehicle is 6 hours.			
<b>DIACOM DIAGNOSTIC SOFTWARE:</b>			
Diacom Plus collects valuable performance data from your vehicle's on-board computer system, potentially saving you hours of engine development and optimization work. Quickly discover which parts of your system are performing to specification and which parts can be optimized for peak performance. For a small fee we will analyze your disk and tell you how to improve your vehicle's ¼ mile time. <i>Inquire about free literature and/or demo disk.</i>			
30028	> Standard software .....		\$299.00
30029	> Diacom Plus (Includes graphing software) .....		\$579.00
<b>AUTO X-RAY TOOL:</b>			
The XP240 allows the user to intelligently interpret and translate data in automotive computer (ECM).			
10100	> XP240 Diagnostic Scan Tool .....		\$239.00
20110	> GM Serial Data Cable .....		\$30.00
20120	> Ford Serial Data Cable .....		\$30.00
20130	> Chrysler Serial Data Cable .....		\$30.00
30001	> Video User Manual .....		\$22.95
<b>COMPOUND MITYVAC™</b>			
A combination hand-held vacuum/boost pump to test for air leaks and calibrate fuel controllers, etc. ....			
6890			\$39.00
<b>GAUGE SNUBBER:</b>			
In-line mechanical gauge snubber dampens pulsations that make fuel pressure gauges "bounce" from injector pulses.			
1526	> In-line snubber: in #4 flair; out 1/8" female pipe thread (FPT) .....		\$30.00
1526-47	> In-line snubber: in 1/8" male pipe thread (MPT); out 1/8" female pipe thread (FPT) .....		\$30.00
